EXCITING NEWS

Our collaboration is leading to exciting **NEW** opportunities:

Grant Opp!

*Advancing*Cities Challenege

Two tracks:

- Place-based strategies- equitable development, **neighborhood** level
- Systems change strategies- equitable development, **city** level

$5 MM	3 Yrs.	15th Jan.

Proposals must include:

- Shared priorities- **alignment** across partners and a vision for the future
- Strong leadership & **collaboration**- coordinated approach, sustainable change
- Bold and **innovative** approaches- Evidence-based, beyond status quo

ActiveVision @ SwRI

The work:

- Use existing infrastructure of City cameras
- Applying machine learning to detect anomalies (weather, traffic, wrong-way driver, etc)
- SwRI will develop the tools and provide alerts
- COSA will provide community insights/priorities & video feeds

New Project!

Partners:

- Collaboration with SwRI and COSA
- Direct benefits to TCI and SAPD
- City as a living laboratory

NEED FROM YOU

In an effort to take advantage of these new opportunities and many more to come, a Memorandum of Understanding (MOU) and Definitive Agreements are in the works. Below is a summary of the two types of agreements we will utilize.

Please work with your attorneys to keep the process moving by reviewing drafts and providing feedback.

	MOU	Definitive Agreements
Purpose	• Necessary to keep moving forward and be a launch pad for strategic opportunities	• Necessary to execute projects that include questions of intellectual property and data-sharing concerns
Goals	• Complete MOU by end of November • MOU will include option to execute a definitive agreement	• Complete definitive agreements for projects: • Sensors on City Vehicles • NEZ Impacts Estimator
Sections	• Over-arching understanding • Non-binding effect of agreement	• Expectations per project • Responsibilities of each entity • Data sharing requirements • Intellectual property requirements
